

TECHNICAL INSTRUCTIONS

Software prerequisites

Windows

- Internet Explorer version 6.0 and later
- Firefox with either [Windows Media Player Firefox Plugin](#) or [Silverlight](#)

Macintosh

- [Silverlight](#)

Linux

- [Moonlight™ 1.0](#)
- Microsoft Media Pack for Moonlight
- Moonlight 1.0 supports the operating systems and platforms listed [here](#).

Accessing to the online conference

You need firstly to register using the link provided in the [official page of the conference](#). You will receive then an email providing you with the URL for connecting to the online conference.

Selecting the linguistic version

The conference is available in English and French. English is available on the right speaker, French on the left one. If you are not equipped with earphones to only use the appropriate channel, you can set the left-right balance on your operating system.

Ask a question

Want to ask a question to the orator? Click on the top-left icon  and write your question. Some online questions will be selected and passed on in the conference auditorium.

Provide us with some feedback

We are very interested in your opinion about the conference organisation and presentations proposed.

Please, take two minutes to reply to few close questions by clicking on the top-left icon .

For more technical information, [click here](#) to access to the official help page (in English).
